Know The Ropes

“Know the Ropes” is a web-based database management system for challenge course and climbing wall providers.

“Know the Ropes” is about safety for the builder, the managers, and the participants.

» **Ropes Alert**

Rope 1019 Climbing Rope - Pink put in use on 01-May-05 has been used 15 hours by 40 participants.

Rope 1018 Climbing Rope - Orange put in use on 01-Apr-05 has been used 18 hours by 200 participants.

Rope 1015 A Fram put in use on 01-Jan-06 has been used 53 hours by 300 participants.

Rope 1022 Climbing Rope - Purple put in use on 10-Jan-06 has been used 182 hours by 550 participants.

Rope 1017 Climbing Rope - Blue put in use on 10-Feb-05 has been used 526 hours by 605 participants.

Rope 1021 Zip Line static 2 (TC) put in use on 26-Oct-06 has been used 18 hours by 700 participants.

Rope 1023 Climbing Rope put in use on 05-Feb-06 has been used 205 hours by 755 participants.

» **Ropes Course Inspection Alert**

The next Need repairs on zipline Inspection will be on 02-Feb-07

“Know the Ropes” software offers an “alert system” to warn ropes course and climbing wall providers when they should retire the ropes used at their facility. The program automatically adds the hours the ropes have been used in conjunction with how many participants have been on the rope. Each formula for rope retirement is individualized and determined by you, the manager, of the facility. Administrators are also alerted as to when their next annual inspection should be taking place.

# Your ropes inventory will be easily maintained, in addition to your...

A database for your  
suppliers of equipment  
may also be maintained.

“Know the Ropes”  
is about  
staff organization

# User Types

- There are two types of users designated within “Know the Ropes”:
- 1) an administrator, and 2) a facilitator
  - An administrator has access to all the information listed.
  - A facilitator has access to all the information with the exception of financial data. Administrators may control what financial data facilitators may see.

Facilitators information including contact information, certificates earned and billing rate may also easily be accessible.
